Incorporated: 1796

Origin: Originally called New Durham Gore, the town was settled by a group from Roxbury, Massachusetts. The name Roxbury had already been used, so the town was named for the Alton family. The town's boundary evelopes the five-mile long Alton Bay, the southeastern point of Lake Winnipesaukee, and includes the southern side of Wolfeboro Harbor and all of the largest islands in the southeast end of the lake. Alton's 19.3 square miles of inland water area is the largest of any town in New Hampshire.

Population, Year of the First Census Taken: 445 residents in 1790

Population Trends: Alton has grown well above the statewide average rate for four of the last five decades. After only a four percent between 1950-1960, decennial growth rates have been above thirty percent, peaking at a 48 percent increase between 1970-1980. Alton's population increased by 3,313 residents, going from 1,189 in 1950 to 4,502 residents in 2000. The 2004 Census estimate for Alton was 4,962 residents, which ranked 66th among New Hampshire's incorporated cities and towns.

Population Density, 2004: 77.6 persons per square mile of land area. Alton contains 63.9 square miles of land area and 19.3 square miles of inland water area.

Villages and Place Names: Alton Bay, East Alton, Mount Major, South Alton, West Alton
